MAKE UP SESSIONS/VACATIONS:

One of the benefits of playing in the summer program at MTC is the opportunity to play in every class, rain or shine. No pro-rating will be done for vacations. If the junior misses a class, there will be opportunities to make up those classes during one of the other classes at that level; (s)he may often play 2-3 hours in a day to make up the time.

LEVELS:

Tiny Stars: This is an introduction to the sport of tennis for children ages 4-6. Each class is 45 minutes long where having fun is the primary goal. Players will learn forehand and backhand groundstrokes, volleys and overheads.

Advanced Tiny Stars: This class is for children ages 5-7 who have previously participated in our Tiny Star Program-they will be selected players for this program. Each class is 45 minutes long where preparing for the beginner level is the goal. Players will learn forehand and backhand groundstrokes, volleys and overheads.

Beginners: This is a one-hour long class very similar to the Tiny Stars class but for children 8-12 who have little or no playing experience. Players will be exposed to all aspects of tennis including groundstrokes, volleys, serves/returns along with a variety of fun tennis games.

Advanced Beginners: Similar to beginners but now the player is "beginning to rally" with the instructor and other students from short court and full court.

Teen Beginner/Pre-intermediate: Class very similar to the advanced beginner but for players ages 12 on up conducted at a faster pace! These juniors really enjoy being with others of the same age. Players begin to play full-court tennis during this class. There will be an opportunity to play a couple of matches throughout the summer.

Beginning Intermediate: This class is for those who just left the advanced beginner or teen beginner class. Intermediate techniques will be approached at a slower rate along with learning basic singles and doubles strategies. Playing in the matches on Fridays is strongly encouraged.

Intermediate: These players are playing full court singles and doubles along with displaying the necessary skills to conduct player-sustained drills. Games tend to be more active and competitive in nature. Playing in the matches on Fridays is strongly encouraged.

Advanced Intermediate: These players are highly-motivated, often playing on their junior high or high school JV teams. Players are working on topspin forehands and backhands, spin serves, and more advanced strategies.

Advanced/Invitational: These players are on their respective high school varsity or junior varsity teams. Players are enrolled by approval only!

For further detail on our levels, check out our "Skills & Criteria" description on our website.
